**“He Loves Me?” Nishaline Hines Thoughts Airing on Social Radio Network  
BlogTalkRadio**

“He loves Me?” will tackle listener’s questions on male and female relationships on Saturday, November 7, 2009 at 12:00 pm est.

Phoenixville, PA—November 7, 2009 – “He loves Me?” is the focus of BlogTalkRadio’s “Girls Plan” segment (<http://blogtalkradio.com/Girls-Plan>) with host Nishaline Hines on Thursday, October 29, 2009, at 1:00 p.m. Eastern. The words, gestures and actions that some guys express towards young women are too often misinterpreted as love when there could be a different meaning. This is an opportunity for our female listeners to tap into what a guy really means when he says or does certain things. We have several male guest panelists in varying age groups who have agreed to reveal their thought processes as they answer questions from our female listeners.

An archive will be available after the live airing at the same link and listeners can subscribe to the archives via the RSS feed located on the host page. Read more about the host at <http://www.girlsplan.org/team/founder>.
